<p>https://www.complaintsboard.com/complaints/fahrin-jaffer-lawyer-toronto-the-dirty-is-a-fraud-who-went-to-thomas-cooley-law-school-steals-money-from-clients-yet-never-gets-any-work-done-c837388.html</p>	<p>Lawyer toronto the dirty is a fraud who went to thomas cooley law school, steals money from clients yet never gets any work done!!! - Fahrin Jaffer steals money from clients yet never gets any work done!!! This missive is to make the general public and jurist community aware of some of the troubling issues surrounding LSUC licensee Ms. Fahrin Jaffer. Ms. Fahrin Jaffer routinely misleads the general public (and members of the legal community) through misleading exaggerations, in some instances running afoul of the LSUC Rules of Professional Conduct. Ms. Fahrin Jaffer intentionally and deliberately suppresses her true academic history during job interviews and various other social settings. Ms. Fahrin Jaffer routinely mentions to lay people that she attended "University of New York School of Law" (a top-ranked T14 elite law school in the US); this assertion is profoundly incorrect and patently false. Instead, Ms. Fahrin Jaffer attended a 4th tier much lower-ranked "State University of New York in Buffalo, NY" (a laughable public institution). Ms. Fahrin Jaffer also does not state in her resume and on job applications that in her 1L (first-year) she had attended one of the worst law schools that is currently under intense ABA scrutiny - The Thomas M. Cooley School of Law. It is transparently evident that much like every other Canadian that goes abroad to a lower-ranked law school that has a far less stringent standards of admission, Ms. Fahrin Jaffer had hideous LSAT score(s) and quite possibly even a subpar undergraduate GPA, in essence, her inability to gain admission to a Canadian law school. Regardless of her failure to successfully attain admission to a reputable law school, her specious resume and her routinely misleading the general public is abhorrent and brings disrepute to the profession and the administration of justice. It should also be noted Ms. Fahrin Jaffer uses her influence and status as an LSUC licensee in good standing (ie. lawyer) to threaten, badger and intimidate members of the general public, which clearly runs contrary to the good character requirements outlined in the LSUC Rules of Professional Conduct, amounting to professional misconduct if found incompetent by the LSUC's Disciplinary Bodies. Furthermore, Fahrin Jaffer claims (in her resume and profiles) that she is a "Litigation Associate" on the Plaintiff side of Personal Injury Law working with the law firm D'Angela Fox Vanounou LLP. A verification check made to D'Angela Fox Vanounou LLP confirms that Fahrin Jaffer has NEVER WORKED at this firm or handled any files with this firm. The general public should not be swayed or intimidated by Ms. Fahrin Jaffer's threats of an inappropriate nature. The general public can initiate complaints with The Law Society of Upper Canada. Complaints against LSUC members will be taken seriously and pursued vigorously. At one point, Ms. Jaffer even asserted to a member of the judicial community stating that "she had articulated at a Bay St. Sister law firm working on corporate transactions",</p>

	<p>where as in reality she had articulated for a no-name sole-practitioner handling plaintiff-side personal injury files. Her bald-faced lie was quickly caught much to her embarrassment and personal humiliation, followed by a brief retraction. The aforementioned is simply to make the general public aware of Ms. Fahrin Jaffer so that the general public is better protected. There is not a scintilla of doubt that anything posted is not the least bit defamatory or libelous. Truth is a valid defence against libel. Any attempts (by counsel or said individual) to suppress free speech (eg. court order) would be futile given that this submission has been posted from a non-Canadian jurisdiction and will shortly be mirrored to hosting sites in Russia, China, North Korea and various other jurisdictions where takedown orders handed down by a Canadian court would have no impact whatsoever. At one point, Ms. Jaffer even asserted to a member of the judicial community stating that "she had articulated at a Bay St. Sister law firm working on corporate transactions", where as in reality she had articulated for a no-name sole-practitioner handling plaintiff-side personal injury files. Her bald-faced lie was quickly caught much to her embarrassment and personal humiliation, followed by a brief retraction. No matter how many times sent to jail, he will never behave himself or stop what he does. He is shameless creature, stay away from him. He cannot, just cannot be trusted with anything, he might pretend to be all nice, well trust me he is not. You really can't be around someone like him. His habits of sexually assaulting children has gone overboard, he has changed his city, only for the reason that nobody should be able to recognise him. Hah! Pathetic soul that he is, he might end up molesting his own children if he ever has any.

Mo Rahman was already married to 3 women in his native Bangladesh with whom he has several children. When he arrived in Canada, he married another woman, a fat hideous cougar (purely for citizenship purposes obviously) with whom he had another three kids. Polygamy and bigamy are illegal under Canadian law yet Mo Rahman is now sponsoring visas for his family back home to come to Canada under the false guise of "extended relatives" who will come to Canada and live on social assistance (eg. welfare and other tax payer funded subsidies). I am sure not many men would complain when a girl uses a dude for intimate encounters but Mira McDaniel played with my emotions and she took advantage of me. I met Mira McDaniel at a Starbucks, we hit it off and we got together in bed the very same evening we met. After a few dates and passionate bedroom sessions, I found out that Mira McDaniel is a recruiter at Dell EMC, she is married with two kids and she used to be known as Mira Berenshtein. And now I find out that she has various STDs and STIs! She never told me about her hubby Levi McDaniel until I confronted her after doing some sleuthing. Phil Cooksey makes a fortune in the underground market servicing politicians and business elite high-rollers around the Congress, Senate and House of Rep circles with young P4P escort girls for discreet encounters. Phil Cooksey even makes promises of attractive young girls to the tune of "just turned 18", "a virgin", etc. and many of his girls on the roster are underage. This is similar to the sex ring that brought down former New York Governor Eliot Spitzer. Nik, Phil Cooksey's girls for pleasure service is a sex trafficking ring story just waiting to unfold!

If anyone ever has the misfortune of dealing with this patently inept and transparently incompetent recruiter, proceed at your peril; Her recruitment and candidate selection practices are inherently discriminatory, biased and arbitrary; She continuously 'filters' candidates based on past experiences with the candidate (ie. if you were deemed unfit for a role previously, you will be denied further consideration for other opportunities); this goes against Oracle's own equality policies & guidelines given that: (i) – every opportunity is a different one; and (ii) – Oracle encourages candidates to reapply if a suitable opportunity doesn't transpire; She's incredibly arrogant, disrespectful, snide and even arguably quite racist, xenophobic and homophobic towards candidates that she doesn't seem to have a liking for;

	<p>She is immensely lacking in basic courtesy and general etiquette (ie. doesn't return calls/e-mails, fails to follow-up with feedback, gets annoyed when pushed for a status update, etc); She is a complete and utter disservice to not only to the hiring managers that she deals with but also to Oracle Corporation and its customers, partners and shareholders given that she is allowing her prejudiced views pass over candidates with genuine talent and potential instead opting to move forward candidates that she feels would be an appropriate fit; Think these invectives are from a disgruntled individual? Think again. Check out all the negative reviews about her on Glassdoor, Vault, e-Boss Watch, PayScale, Salary and various career sites dating back a while; read more about this naughty cougar / MILF Marianna (Sirota) Gurovich right here: [hyperlinks to other defamatory sites herein]; If anyone doesn't want to initiate a formal complaint in fear of possible reprisal (eg. If applying for other opportunities, your complaints about this recruiter might impact your candidacy), then the best is to proceed with an anonymous complaint to the Oracle Board of Directors, Majority Shareholders, Customers and Executives; it would be completely pointless to raise this with the Head of HR or Recruiting (they will do nothing about this), but instead direct such grievances to the executive brass who will pass it down the chain for further investigation: Larry Ellison (Chairman): larry.ellison@oracle.com Mark Hurd (co-CEO): mark.hurd@oracle.com Safra Catz (co-CEO): safra.catz@oracle.com</p>

If anyone ever has the misfortune of dealing with this patently inept and transparently incompetent recruiter, proceed at your peril; Her recruitment and candidate selection practices are inherently discriminatory, biased and arbitrary; She continuously ‘filters’ candidates based on past experiences with the candidate (ie. if you were deemed unfit for a role previously, you will be denied further consideration for other opportunities); this goes against Oracle’s own equality policies & guidelines given that: (i) – every opportunity is a different one; and (ii) – Oracle encourages candidates to reapply if a suitable opportunity doesn’t transpire; She’s incredibly arrogant, disrespectful, snide and even arguably quite racist, xenophobic and homophobic towards candidates that she doesn’t seem to have a liking for; She is immensely lacking in basic courtesy and general etiquette (ie. doesn’t return calls/e-mails, fails to followup with feedback, gets annoyed when pushed for a status update, etc); She is a complete and utter disservice to not only to the hiring managers that she deals with but also to Oracle Corporation and its customers, partners and shareholders given that she is allowing her prejudiced views pass over candidates with genuine talent and potential instead opting to move forward candidates that she feels would be an appropriate fit; Think these invectives are from a disgruntled individual? http://www.reportmyex.com/javed-khan-of-cisco-in-san-jose-ca/	Javed Khan of Cisco in San Jose CA Javed Khan of Cisco is running a marriage scam and immigration fraud in San Jose California San Francisco Bay Area. Javed Khan is a VP at Cisco Systems (Collaboration Group). Javed Khan is the epitome of a fraud. Javed Khan recently was FIRED from Symantec because an internal HR investigation found that he was sponsoring an excessive number of foreign workers from his native Pakistan through the company's foreign worker visa program. But in reality these were all extended family members of Javed Khan coming to the US under bogus work visas. Once they arrived in the US, they never took up any job and just married an American citizen for residency purposes. Javed Khan was complicit in authorizing work visas simply to expedite their entry to the US, pretty much like running a foreign dating service! Now Javed Khan has landed at Cisco Systems where is pulling the same old stunt. He interviews American workers but says they are not a fit and then he asks Cisco to issue work visas for foreign workers. Javed Khan has also pocketed a significant amount of money on the Cisco overhead tab even expensing personal trips abroad under the false guise of business expenses. This big-time fraud Javed Khan should be arrested, charged, convicted and fired ASAP!!! This post has been viewed 2,253 times

If anyone ever has the misfortune of dealing with this patently inept and transparently incompetent recruiter, proceed at your peril; Her recruitment and candidate selection practices are inherently discriminatory, biased and arbitrary; She continuously ‘filters’ candidates based on past <u>experiences with the candidate (ie. if you were deemed unfit for a role previously, you will be denied further consideration for other opportunities); this goes against Cisco's own equality policies & guidelines given that: (i) – every opportunity is a different one; and (ii) – Cisco encourages candidates to reapply if a suitable opportunity doesn't transpire. She's incredibly arrogant, disrespectful, snide and even arguably quite racist, xenophobic and homophobic towards candidates that she doesn't seem to have a liking for; She is immensely lacking in basic courtesy and general etiquette (ie. doesn't return calls/e-mails, fails to follow-up with feedback, gets annoyed when pushed for a status update, etc); She is a complete and utter disservice to not only to the hiring managers that she deals with but also to Cisco Systems and its customers, partners and shareholders given that she is allowing her prejudiced views pass over candidates with genuine talent and potential instead opting to move forward candidates that she feels would be an appropriate fit; Think these invectives are from a disgruntled individual? Comments I actually heard that Borno's husband divorced her a while ago because he hated her. There's some rumor that he hung out with a lot of escorts (good for him). And based on his credentials, he seems more qualified than her to do her job. But I agree. She just runs around town doing nothing and expensing everything to Cisco. Flake. I actually heard that Dr. Borno's husband divorced her a while ago. And based on his credentials, he seems more qualified than her to do her job. But I agree. She just runs around town doing nothing and expensing everything to Cisco. Ha ha ha. This is hilarious. To whomever posted this, have any of you met Borno's ex-husband, McCorquodale? Or known as "the Cork." I met him with friends in Detroit recently and he had a smokin' hot girl on his arm who couldn't have graduated from high school too long ago. I serious think she was 18 or 19. That's really all I remember because McCorquodale parties like a fucking rock star. I totally blacked out from booze (and other shit) and was woken up by security face down in the snow in front of my hotel. WTF? Anyway, that guy is hilarious and awesome. I hope to see him again soon, but take it a bit easier. In any case, if his wife cheated on him, I don't think he's too concerned about it. He's kind of my idol. Cork-sorry if anything I write here bothers you, but I doubt it. You're my man. You ARE the godfather and living the dream. Love you bro! Michael is getting plenty of love from women. I know because I'm the woman. What we do together is nothing this girl would do. Michael deserves only the best. Don't feel badly Ruba. You never knew how to manage your man. And I don't think you ever knew who he truly is. I do. And it's a great ride. She's a total token feminist minority hire that just runs around talking about empowering women and minorities. That's a growth initiative? I think her title needs a bit of a change. BTW, I agree with you too on the comments above. I've met her ex once in SF and he's a really down to earth and cool guy. It's hard not to like him. BTW, for the record (and because I was curious), he actually filed for divorce. It's public record in N CA district court. Not sure on the nose job, but probably true. Flake. Has anyone else noticed that the so-called Dr. Borno and VP of Growth Initiatives has less citations for her work than the publications she shares with her ex-husband? Feminazi nose job token woman minority at its best. Seems like</p>

	<p>you couldn't publish without your husband. Now ex. Dear Ms. Borno, please give one more lecture on minorities or women so you can ruin my fucking stock price you dolt. What I'd like to know is why the hell does Ruba Borno always use the title "Dr. Ruba Borno" or even asserts herself as "Ruba Borno, Phd"? Does this stupid woman have no shame?! If you are a Phd, you only state that or even apply the title, on research papers, academic journals, etc. This dumb incompetent hack Ruba Borno blasts "Dr" and "Phd" at Cisco Live and at every damn opportunity she gets. This is a surefire sign of a know-nothing clown that she is. I can't think of anything- not even one thing- that she has accomplished. Ruba Borno is Padmasree Warrior v 2.0 To answer your question, Ms. Borno feels inferior to her ex, Dr. McCorquodale. He teaches at university level, invented a technology, started a company and sold it. He ran a business like a VP should do. Ms. Borno has done nothing. She is a cost center not a profit center. And to add to the comments, Dr. McCorquodale is very well respected for his work. What I know is that he lost his parents and other family members unexpectedly and since then he's had a lot to deal with. It's a shame this woman runs off and cheats while the poor guy has a tough time. I wish him the best and Ms. Borno the worst. Frankly, I think what's truly disgusting is how Ruba Borno hired all her friends and former colleagues from BCG into the Office of the CEO where she is at. This is downright sickening and she is playing favourites. Chuck Robbins should put a stop to this ASAP! Also Ruba Borno is almost NEVER at the office in Building 10 SJC. It is awful that she is getting paid hefty amounts just to show up at the office once every 3 months! Ms. Borno's only leverage is BCG. Why does that surprise you? That's the game. To be fair, she's more like a marcomm hire which is suited to her background. She's a PowerPoint and presentation jockey. Thus she's always on the road. It's fine. I don't really despise her, but she is annoying as all hell at the same time. Nonetheless, she is harmless. Apart from her comp. What's more. I like the comments above. I've met Michael because everyone knows him in the Valley despite he being in Ann Arbor teaching for whatever fucking reason - maybe to get away from her, but he needs to come back. But that guy is wicked smart (props Cork), but also so fun to hang around. That said, he has some vices, like hookers. But he's a great guy. In this day and age of feminism, he's honestly a beacon of light. I cannot tell you how awesome it is to hang out with him. I just saw him briefly in Oakland last week while he was at Sensors Expo in SJ and, Christ, is all I can write. I am jealous. That guy is fucking hilarious. I just hope he doesn't die:-). I don't think he will, but he's doing pretty goddamn well. I just can't keep up with him. Cork- Love you. I met this woman on Tinder she gave me a fake name. It was not Ruba. Wow, crazy to see her on her. We met up for drinks and got intimate on the very same evening! After a few shots in our hotel room, she sniffed coke and then she farted like crazy during sex! Ewww. Gross. She even insisted that I engage in some anal fun. I declined and never called her again. Yuck.</p>
